Attention Parents

After figuring in the increased expenses to meet 2020-2021 regulations and determining our goals for Pumpkin Patch, the Finance Committee has voted to raise parent rates beginning June 1st 2020.

Many exciting changes have happened this year and more to come! We have achieved a Step 4 out of 5 in the Step Up To Quality program. This rates us one of the highest centers in Kearney. Our goal is to be at a Step 5 in the next two years. With this process there will be a continued cost to keep our center to the standard needed for the following step. We will continue to do fundraisers this year to raise money for the new playground updates we are needing. Thank you for all of your continued support!

Though these rates do not take effect until June 1st, we are letting you know now to hopefully give everyone time to plan for this increase. Below are the new rates:

New Rates starting June 1, 2020

6 weeks-18 months \$165 weekly

18months-3 years \$160 weekly

3 years and up \$150 weekly

School-age \$75 w/one-way transportation

\$85 w/two-way transportation

Additional \$15 on school-out days

\$150 weekly summer care

3/4's Preschool \$125 monthly (\$65 daycare kids)

Kindergarten Prep \$155 monthly (\$80 daycare kids)

I apologize in advance for any hardship this additional cost may cause for your family. Please feel free to stop in the office or give me a call if you have any questions or concerns.

Thank You!

Diann Martin
